WEDNESDAY 11:30 A.M. - 1:30 P.M.

110995 Hilton Salon FG

TEC-SIG Luncheon

★ *Tammy Worcester, ESSDACK*

Pre-registration and active membership required. TEC-SIG is the largest SIG and was established in 1989 for the purpose of providing a means of communication between technology coordinators and administrators throughout the state. 21st Century Teaching & Learning - It's About Time will be presented by TCEA's featured presenter, Tammy Worcester, for the TEC-SIG Luncheon. "Time" is the central theme of this inspirational, humorous, and informational presentation. Tammy will share examples of the impact of time on human behavior and will provide some practical ways to

use time wisely and even save time by using technology effectively and efficiently.

110130 **Room 19A**
A Call to Justice via Voicethread
From Texas to Tennessee
Jane Gonzalez, Los Fresnos ISD
 A call to justice was made via crosscontinental collaboration of a senior English class in Tennessee and an advanced freshman English class in Texas. Based on the classical novel "Animal Farm," students teamed up via Wall-wisher and made a call to justice concerning a modern dilemma or crisis that interested them. This speech was delivered via VoiceThread and judged by peers according to pre-determined rubrics.

**Friday Closing Session
The Digital Generation Comes
of Age**

David Pogue is the personal-technology columnist for the New York Times. Each week, he contributes a print column, an online video, and a popular daily blog, "Pogue's Posts." David is also an Emmy award-winning tech correspondent for CBS News, and he appears each week on CNBC with his trademark comic tech videos. With more than 3 million books in print, David is one of the world's

bestselling how-to authors. He wrote or co-wrote seven books in the "for Dummies" series (including Macs, Magic, Opera, and Classical Music); in 1999, he launched his own series of complete, funny computer books called "The Missing Manual" series, which now includes more than 100 titles.
